

Lake Castle Madisonville Private School

PPK-8th Grade Uniform Code

The uniform philosophy of Lake Castle Madisonville Private School is one that provides students with a sense of pride and respect. Annually, uniforms are reviewed by the administration, adjustments are made as necessary, the policies are updated, and parents are urged to review these policies prior to purchasing any uniform items. (See **Boys' and Girls' Appearance.**)

Much time and effort go into making our LCMPS uniform one that the students will take great pride in wearing, representing their school throughout the community. Whenever students are dressed in the school uniform, they are expected to continue to represent LCMPS in a positive, respectful manner.

Upon enrollment as Lake Castle Madisonville Private School students, families have agreed to follow not only the philosophy of the school as outlined during the orientation process and further through the reading of literature provided about the specifics of our success but the school's uniform policies as well.

As stated in the **Rules and Regulations:** *Students out of uniform will be issued a warning and must come to school the following school day in complete uniform. Students not in compliance will have to contact a parent to deliver the proper school attire or they will not be allowed back into the classroom. **Upper elementary** (4th-8th grade) students receiving four (4) or more uniform infractions will receive a detention on the 4th and every other infraction for the remainder of the school term. **(Note: This includes name tags which are a vital part of our students' uniforms – especially for safety reasons.)***
